We hardly know what to advertise these days—light Clothing or Overcoats. It is usual with us at this season of the year to be talking clothing for warm weather, but warm weather is slow in coming. Probably by the time you read this advertisement it will be good and hot. If so, come and get a Light Coat and Vest; but should it continue cold, probably we can persuade you that it is a Light Overcoat you want, or probably a good suit.

THE MONEY'S THERE!

One of the easiest and commonest ways of frittering away money is in the purchase of Soap.

It is a big mistake to imagine that because AN ARMFUL OF SOAP can be bought FOR 25c, that the investment is a good one. It is money wasted, because cheap Soaps we rank in quality, ruinous to the hands and clothes, and last no length of time. How vastly different with "SUNLIGHT SOAP," though 25c buys less in bulk, yet the value is there. It goes further, saves labor, fuel, washing power, the clothes, and skin; can be used for every purpose in the house, and will do what no other Soap can do. Hence it is really the cheapest in the end. A trial will convince you

THE MONEY'S THERE!

One of the easiest and commonest ways of frittering away money is in the purchase of Soap.

It is a big mistake to imagine that because AN ARMFUL OF SOAP can be bought FOR 25c. that the investment is a good one. It is money wasted, because cheap Soaps are rank in quality, ruinous to the bands and clothes, and last no length of time.

How vastly different with "SUNLIGHT SOAP," though 25c buys less in bulk, yet the value is there. It goes further, saves labor, fuel washing power, the clothes, and skin; can be used for overy purpose in the house, and will do what no other Soap can do. Hence it is really the cheapest in the end.
